MODEL YEAR 2022

LUSSO • CORSA • CABRIO

Lusso

Premium Luxury.

Renamed for model year 2022, the Barletta Lusso will leave you breathless with anticipation to get out on the water with Italian-inspired luxury furniture, high-end electronics, and classic styling that will turn heads. No more “noise fatigue” with Barletta’s patented underdeck structure featuring V.I.P. Technology – providing the smoothest, quietest, rattle-free ride in the industry – bar none. Offering more standards than the competition, and a refined list of options, the Lusso is built with your on-water experience in mind.

Bill Fenech,
President & Founder

Our focus at Barletta Pontoon Boats will always be on you and how we can make our product and your experience better.

Faced with the decision to either spend money on huge, multi-page catalogs that go obsolete as soon as they are printed, or to spend money where it matters - on our pontoon boats - the choice was simple. We choose to invest in our boats. Each and every component of our boats is a conscious decision with you and your family's on-water experience in mind. Our website will be able to provide you the most accurate and up-to-date information about our company and our pontoon boats.

We are building pontoon boats that are changing the industry...and would be honored to welcome you to the Barletta Pontoon Boat family.

WE'VE GOT YOUR BACK

Ask any of our dealers or customers and they'll tell you, NO ONE stands behind their products like Barletta Pontoon Boats.

SMOOTHEST RIDE

Built like a skyscraper, the heavy-duty patented chassis offers a smooth and dry ride. Full-length wave tamers, two-stage lifting strakes, reinforced nose cones, I-beam and I-box construction and VIP technology combine for an on-water experience like never before.

MOST STANDARD FEATURES

Barletta not only stands for quality and unmatched service; we also believe in value. You should not have to pay extra for typical pontoon features, that's why each Barletta is built with more standards than any pontoon in the industry.

PRE-DELIVERY INSPECTION

An industry first, our White Glove Pre-Delivery Inspection process is performed on every Barletta that's built. The multi-page check list covers even the smallest details making sure your pontoon meets the Barletta standard for quality before it leaves the factory.

PET FRIENDLY

We believe your pets are family and they should come along for the ride. That's why we have included pet amenities such as built-in pet dishes, a stowaway table that offers ample shade and the new Doggie Dockview pet window in the port and bow gates.

INDUSTRY'S BEST WARRANTY

With an industry-best Limited Lifetime Structural Warranty and the 10 Year Bow to Stern Warranty, the best dealer network in the industry and Barletta's world-class Customer Service team on your side, you'll be spending less time worrying and more time relaxing.
